TRIP ITINERARY

From the Blackmore Vale we take you directly to Beaulieu. The attractions include The National Motor Museum, World of Top Gear, Palace House & Gardens, Little Beaulieu, Beaulieu Abbey, The Secret Army Exhibition and unlimited rides on the monorail:

The National Motor Museum

With over 280 vehicles in its world famous collection, the Museum tells the story of motoring in Britain from humble beginnings to the present day. Displays include classic cars, historic sporting motors, modern rally cars, F1 racers, a rustic 1930's country garage and Wheels – a sedate pod ride through motoring history.

World of Top Gear - World of Top Gear recreates the feel of the Top Gear studio. See unique behind the scenes footage from Top Gear HQ and cars from the show's most ambitious challenges.

Palace House - Explore the magnificent Palace House - Lord Montagu's family home since 1538 – and discover the history of the house and its former residents. Meet the Butler, Cook and Housemaids and gain an insight into the workings of a Victorian country house.

Beaulieu Abbey - Beaulieu Abbey was largely destroyed by Henry VIII – but the conserved ruins show the scale of this formerly vast complex. An ancient Abbey building houses a fascinating exhibition on Monastic Life. You will also be able to ride the Monorail for an informative commentary and sweeping views of the park.
